

The Difference between Visa and Non-visa Students

The citizens from the countries of the European Union and EFTA (Iceland, Norway, Liechtenstein and Switzerland) **can legally stay in the Czech Republic without a visa.** However, if they plan to stay **longer than 30 days**, they are obliged to **register at the local authorities.** For more information, please see the information below.

Citizens of Third Countries (all countries except EU or EFTA members) are obliged to have visa or resident permit for their legal stay. This applies also for students with visa or temporary resident permit valid in another EU/EFTA country, if they want to stay more than 90 days within a period of 180 days. Citizens of some countries (e.g. the USA, Canada, some Balkan countries) can stay up to 90 days within 180 days **without a visa.** For more information, please, see the information below.

Citizens of the United Kingdom are also considered as Visa students.

Non-visa students - EU and EFTA citizens

Registration at the Foreign Police – Obligatory

EU or EFTA students are legally **obliged to register** at the foreign police in the place of their residence on the EU territory within 30 days after their arrival to the country, if their intended stay will be longer than 30 days (§ 93, Law no. 326/1999).

Students are required to report their presence to the appropriate **Foreign Police Department:**

- **Prague:** [Olšanská 2, Praha 3](#)
- **Hradec Králové :** [Ulrichovo náměstí 810, Hradec Králové](#)
- **Pilsen:** [Slovanská alej 26, Plzeň](#)

This obligation does not apply if the person/company providing accommodation submits the registration forms on behalf of the incoming student.

Please see the after arrival duties and registration requirements on the [website](#) of Czech Ministry of Interior:

Temporary Residence Certificate – Voluntary

EU students are **entitled** (but not obliged) to apply for a **Certificate of Temporary Residence** at the Departments for Asylum and Migration Policy (Ministry of the Interior offices). Students who obtain this Certificate of Temporary Residence are issued with a special card (known as a **European Card**) officially confirming a short-term Czech address and therefore can be used for many transactions that require an official proof of Czech address (opening a bank account, purchase of a mobile phone on a contract, getting any temporary job, etc.). A short-term residence permit is issued for different periods of time depending on the purpose of the short-term residence. The application is processed without undue delay, within 30 days after initiating the process.

Please see the [Temporary Residence Permit requirements](#) on the **Czech Ministry of Interior website**

The holders of the Temporary Residence Permit enjoy more rights than the students who have only a simple registration of their Czech address (see above). For example, the Temporary Residence Permit allows you to cross the Czech Republic borders despite travel restrictions caused by the Covid 19 crisis.

Please note that according to the law, paid work of any kind can be undertaken only having a **work permit**.

Residents of Switzerland, Norway, Iceland and Liechtenstein are treated in the same way as EU residents.

VISA students – citizens of non-EU/EFTA countries

Students from non-EU and non-EFTA countries are considered third-countries citizens. For these students there are three most common legal statuses for the stay in the Czech Republic

- **short-term stay** (with or without visa) – up to 90 days within 180 day
- **long-term visa** or **temporary residence permit** – more then 90 – majority of student exchanges, the regular semester stay is always longer than 90 days

Students are required to report their presence at the appropriate **Foreign Police Department within 3 days of the arrival** :

- **Prague** [web pages](#); address: [Olšanská 2, Praha 3](#)
- **Hradec Králové** [web pages](#); address: [Ulrichovo náměstí 810, Hradec Králové](#)
- **Pilsen** [web pages](#); address: [Slovanská alej 26, Plzeň](#)

This obligation does not apply if the person/company providing accommodation submits the registration forms on behalf of the incoming student.

Each incoming student is obliged to have a **medical insurance** since it is essential for issuing the visa. For more information please look [here](#) :

For more general information for foreigners arriving to the Czech Republic look [here](#)

Long-Term stay - visa and a long-term resident permit for study purposes

Third-country citizens who wish to stay longer than 90 days (regular semester stays always exceed 90 days) have to apply for a **long-term visa at the Embassy of the Czech Republic or for the long-term resident permit at the Ministry of Interior in the Czech Republic**.

To learn more, please read carefully the obligations for students from non-EU countries as presented on the Ministry of Interior [website](#)

The final decision on visa or resident permit should be done **within 60 days after the submission of the visa/resident permit application.**

Long-Term Visa

For a long-term visa, you have to apply at the embassy/consulate of the Czech Republic according to the information from previous section.

Please read carefully the application instructions for the long-term visa [here](#):

Please note that you are eligible to **apply at the embassy or consulate which belongs to the region of your permanent address or residence.** Some countries do not have a Czech embassy at their territories and some Czech embassies do not provide any visa service. In these cases you would have to apply at a Czech embassy located in a different country. For example, the embassy in Vienna provides visa service for residents of more than 10 countries. In other countries (such as Turkey, Ukraine or USA) there is not only the Czech embassy, but also one or more consulates with a visa section. Each embassy and consulate provide visa service only for residents of particular regions at the respected country. If you are not sure which embassy or consulate does your application belong to, please ask at the embassy before applying for the appointment.

The list of respected embassies and consulates together with the specification of territories which belong to the particular offices is available only in Czech language [here](#).

Information for applicants from selected countries:

United Kingdom

- Documents that have to be submitted with your visa application and instructions from the embassy in London are listed [here](#)
- Instructions for booking an appointment at the embassy in London can be found [here](#)

Turkey

- Embassy in Ankara - information about visa applications can be found [here](#)
- Consulate in Istanbul - information about visa applications can be found [here](#)

Ukraine

- [Embassy in Kiev](#)
- [Consulate in Lviv](#)
- General information for people fleeing from Ukraine to the Czech Republic are available [here](#).

Serbia

- [Embassy in Belgrade](#)

Long-Term Residence Permit

You can apply for a long-term visa at the embassy/consulate of the Czech Republic, in some cases (explained below) at the office of Ministry of Interior at the territory of the Czech Republic.

Please read carefully the instructions about the resident permit applications [here](#) :

Citizens of third-countries who have a residence permit valid in another EU member state for the study purposes (with the exception of Denmark and Ireland) are entitled to apply for a long-term residence permit **on the territory of the Czech Republic**.

In case you **decide to apply for a resident permit on the territory of the Czech Republic**, make sure that:

- The resident permit for the study purpose issued by another EU member state **must be valid** for the whole period of your proposed stay in the Czech Republic.
- The respected officer at the Ministry of Interior will very likely search for the **word “student”** in your resident permit card issued by another EU member state. If the information about the study purpose is not specifically mentioned on your official document, you might be asked for an alternative official document proving this fact. This has to be issued by an official authority of the state that issued your resident permit. A document issued by your home university might not be acknowledged by Czech official authorities.

If you are eligible to apply for a long-term residence permit on the territory of the Czech Republic, you should visit the special office of the Ministry of Interior. In Prague, it is an office at Hládkov, which is intended for students. More information about the office can be found [here](#) For booking an appointment at Hládkov office, please use the on-line [reservation system](#)

Prolongation of Long-Term Visa and Long-Term Resident Permit

If you wish to extend your stay (for example you would like to extend your stay from winter semester to full academic year), you have to apply for an **extension of your long-term visa or long-term resident permit**. For the extension you will need the same type of documents as for visa/resident permit application. The only difference is the validity of these documents, which has to cover the period of the prolongation.

More information about the visa **prolongation of visa** can be found [here](#)

More information about the **prolongation of the resident permit** can be found [here](#)

For the prolongation of your visa/resident permit, you have to **apply at the Ministry of Interior (MOI)** that belongs to the area where you stay. The latest possible day when you are eligible to apply for the extension is the last day of the validity of your visa/resident permit. However, we recommend applying as soon as you pick up all of the required documents. It is very likely that you will have to book an appointment at the respected office in advance.

The lists of respected MOI offices are available [here](#)

- [Prague](#) (the office at Hládkov is assigned for students, use primarily this MOI office)
- [Hradec Králové](#)
- [Pilsen](#)
